

## Safety Data Sheet

According to Regulation (EC) No 1907/2006

## **Comfort Professional Concentrated Blue Skies**

Version: 17.1

## SECTION 1: Identification of the substance/mixture and of the company/undertaking

#### **1.1 Product identifier**

Revision: 2022-12-10

Trade name: Comfort Professional Concentrated Blue Skies

UFI: AJ13-10H3-T00S-081T

## 1.2 Relevant identified uses of the substance or mixture and uses advised against Product use: Laundry conditioner.

Uses advised against:

Uses other than those identified are not recommended.

#### SWED - Sector-specific worker exposure description :

AISE\_SWED\_PW\_8a\_2 AISE\_SWED\_PW\_8b\_2 PC35-Washing and cleaning products AISE\_SWED\_PW\_1\_1 AISE\_SWED\_PW\_4\_1 AISE\_SWED\_PW\_19\_1 PC35-Washing and cleaning products

## 1.3 Details of the supplier of the safety data sheet

Diversey Europe Operations BV, Maarssenbroeksedijk 2, 3542DN Utrecht, The Netherlands

#### Contact details

Diversey Ltd Weston Favell Centre, Northampton NN3 8PD, United Kingdom Tel: 01604 405311, Fax: 01604 406809 Regulatory Email: customerservice.uk@diversey.com

#### 1.4 Emergency telephone number

Seek medical advice (show the label or safety data sheet where possible) For medical or environmental emergency only: call 0800 052 0185

## **SECTION 2: Hazards identification**

#### 2.1 Classification of the substance or mixture

Not classified as hazardous

#### 2.2 Label elements Contains 1,3-bis(hydroxymethyl)-5,5-dimethylimidazolidine-2,4-dione (DMDM Hydantoin)

Hazard statements: EUH208 - May produce an allergic reaction.

### Precautionary statements:

P102 - Keep out of reach of children.

#### **Further indications on the label:** Contains: preservative.

### 2.3 Other hazards

No other hazards known.

## SECTION 3: Composition/information on ingredients

## 3.2 Mixtures

| Ingredient(s) | EC number | CAS number | REACH number | Classification | Notes | Weight<br>percent |
|---------------|-----------|------------|--------------|----------------|-------|-------------------|
|---------------|-----------|------------|--------------|----------------|-------|-------------------|

#### **Comfort Professional Concentrated Blue Skies**

Workplace exposure limit(s), if available, are listed in subsection 8.1.

ATE, if available, are listed in section 11.

[6] Exempted: biocidal active. See Article 15(2) of Regulation (EC) No 1907/2006. [12] nanoform.

For the full text of the H and EUH phrases mentioned in this Section, see Section 16...

## SECTION 4: First aid measures

| 4.1 Description of first aid measures |   |
|---------------------------------------|---|
| Inhalation:                           | Get medical attention or advice if you feel unwell.   |
| Skin contact:                         | Wash skin with plenty of lukewarm, gently flowing water. If skin irritation occurs: Get medical advice<br>or attention.                                     |
| Eye contact:                          | Rinse cautiously with water for several minutes. If irritation occurs and persists, get medical<br>attention.   |
| Ingestion:                            | Rinse mouth. Immediately drink 1 glass of water. Never give anything by mouth to an unconscious person. Get medical attention or advice if you feel unwell. |
| Self-protection of first aider:       | Consider personal protective equipment as indicated in subsection 8.2.  |
| 4.2 Most important symptoms and eff   | ects, both acute and delayed  |
| Inhalation:                           | No known effects or symptoms in normal use.   |

| Skin contact: | No known effects or symptoms in normal use. |
|---------------|---|
| Eye contact:  | No known effects or symptoms in normal use. |
| Ingestion:    | No known effects or symptoms in normal use. |

#### 4.3 Indication of any immediate medical attention and special treatment needed

No information available on clinical testing and medical monitoring. Specific toxicological information on substances, if available, can be found in section 11.

## **SECTION 5: Firefighting measures**

#### 5.1 Extinguishing media

Carbon dioxide. Dry powder. Water spray jet. Fight larger fires with water spray jet or alcohol-resistant foam.

#### 5.2 Special hazards arising from the substance or mixture

No special hazards known.

#### 5.3 Advice for firefighters

As in any fire, wear self contained breathing apparatus and suitable protective clothing including gloves and eye/face protection.

## SECTION 6: Accidental release measures

#### 6.1 Personal precautions, protective equipment and emergency procedures

No special measures required.

#### 6.2 Environmental precautions

Dilute with plenty of water. Do not allow to enter drainage system, surface or ground water.

#### 6.3 Methods and material for containment and cleaning up

Dyke to collect large liquid spills. Absorb with liquid-binding material (sand, diatomite, universal binders, sawdust). Do not place spilled materials back into the original container. Collect in closed and suitable containers for disposal.

#### 6.4 Reference to other sections

For personal protective equipment see subsection 8.2. For disposal considerations see section 13.

## **SECTION 7: Handling and storage**

#### 7.1 Precautions for safe handling

Measures to prevent fire and explosions:

No special precautions required.

Measures required to protect the environment:

For environmental exposure controls see subsection 8.2.

Advices on general occupational hygiene:

Follow general hygiene considerations recognised as common good workplace practices. Keep away from food, drink and animal feeding stuffs. Keep out of reach of children. Do not mix with other products unless adviced by Diversey. Wash hands thoroughly after handling.

#### 7.2 Conditions for safe storage, including any incompatibilities

Store in accordance with local and national regulations. Keep only in original packaging. Keep out of reach of children. For conditions to avoid see subsection 10.4. For incompatible materials see subsection 10.5.

#### 7.3 Specific end use(s)

No specific advice for end use available.

## **SECTION 8: Exposure controls/personal protection**

#### 8.1 Control parameters

Workplace exposure limits

Air limit values, if available:

| Ingredient(s)                              | UK - Long term<br>value(s)   | UK - Short term<br>value(s)              |
|--|--|--|

Relative density: ≈ 1.00 (20 °C) Relative vapour density: No data available. Particle characteristics: No data available.

#### 9.2 Other information

9.2.1 Information with regard to physical hazard classes
Explosive properties: Not explosive.
Oxidising properties: Not oxidising.
Corrosion to metals: Not corrosive

#### 9.2.2 Other safety characteristics

No other relevant information available.

## SECTION 10: Stability and reactivity

#### Method / remark

OECD 109 (EU A.3) Not relevant to classification of this product Not applicable to liquids.

#### 10.1 Reactivity

No reactivity hazards known under normal storage and use conditions.

#### 10.2 Chemical stability

Stable under normal storage and use conditions.

## 10.3 Possibility of hazardous reactions

No hazardous reactions known under normal storage and use conditions.

#### 10.4 Conditions to avoid

None known under normal storage and use conditions.

#### 10.5 Incompatible materials

None known under normal use conditions.

#### **10.6 Hazardous decomposition products**

None known under normal storage and use conditions.

## SECTION 11: Toxicological information

#### 11.1 Information on toxicological effects

Mixture data:.

## Relevant calculated ATE(s):

ATE - Oral (mg/kg): >2000

Substance data, where relevant and available, are listed below:.

#### Acute toxicity

#### Chronic toxicity

| Ingredient(s)   | Exposure<br>route | Endpoint | Value<br>(mg/kg bw/d) | Species | Method | Exposure<br>time | Specific effects and<br>organs affected | Remark |
|---|-------------------|----------|-----------------------|---------|--------|------------------|---|--------|
| fatty acids, C10-20 and<br>C16-18-unsatd.,<br>reaction products with<br>triethanolamine, di-Me<br>sulfate-quaternized |                   |          | No data<br>available  |         |        |                  |   |        |
| 1,3-bis(hydroxymethyl)-<br>5,5-dimethylimidazolidi<br>ne-2,4-dione  |                   |          | No data<br>available  |         |        |                  |   |        |
| Silica, amorphous, fumed, crystalline-free  |                   |          | No data<br>available  |         |        |                  |   |        |

#### STOT-single exposure

| Ingredient(s)   | Affected organ(s) |
|---|-------------------|
| fatty acids, C10-20 and C16-18-unsatd., reaction products with triethanolamine, | No data available |
| di-Me sulfate-quaternized   |                   |
| 1,3-bis(hydroxymethyl)-5,5-dimethylimidazolidine-2,4-dione                      | No data available |
| Silica, amorphous, fumed, crystalline-free                                      | No data available |

#### STOT-repeated exposure

| Ingredient(s)   | Affected organ(s) |
|---|-------------------|
| fatty acids, C10-20 and C16-18-unsatd., reaction products with triethanolamine, | No data available |
| di-Me sulfate-quaternized   |                   |
| 1,3-bis(hydroxymethyl)-5,5-dimethylimidazolidine-2,4-dione                      | No data available |
| Silica, amorphous, fumed, crystalline-free                                      | No data available |

#### Aspiration hazard

Substances with an aspiration hazard (H304), if any, are listed in section 3.

#### Potential adverse health effects and symptoms

Effects and symptoms related to the product, if any, are listed in subsection 4.2.

### 11.2 Information on other hazards

# **11.2.1 Endocrine disrupting properties** Endocrine disrupting properties - Human data, if available:

#### 11.2.2 Other information

No other relevant information available.

## **SECTION 12: Ecological information**

## 12.1 Toxicity

No data is available on the mixture.

Substance data, where relevant and available, are listed below:

## Aquatic short-term toxicity

| Ingredient(s)  | Endpoint | Value<br>(mg/l) | Species                | Method                | Exposure<br>time (h) |

#### 12.5 Results of PBT and vPvB assessment

Substances that fulfill the criteria for PBT/vPvB, if any, are listed in section 3.

## 12.6 Endocrine disrupting properties

Endocrine disrupting properties - Environmental effects, if available:

#### 12.7 Other adverse effects

No other adverse effects known.

## SECTION 13: Disposal considerations

| 13.1 Waste treatment methods<br>Waste from residues / unused<br>products:<br>European Waste Catalogue: | The concentrated contents or contaminated packaging should be disposed of by a certified handler or according to the site permit. Release of waste to sewers is discouraged. The cleaned packaging material is suitable for energy recovery or recycling in line with local legislation. 20 01 30 - detergents other than those mentioned in 20 01 29. |
|--|--|
| Empty packaging<br>Recommendation:<br>Suitable cleaning agents:  | Dispose of observing national or local regulations.<br>Water, if necessary with cleaning agent.  |

## SECTION 14: Transport information

Land transport (ADR/RID), Sea transport (IMDG), Air transport (ICAO-TI / IATA-DGR)

14.1 UN number: Non-dangerous goods

14.2 UN proper shipping name: Non-dangerous goods

14.3 Transport hazard class(es): Non-dangerous goods

14.4 Packing group: Non-dangerous goods

14.5 Environmental hazards: Non-dangerous goods

14.6 Special precautions for user: Non-dangerous goods

14.7 Transport in bulk according to Annex II of MARPOL and the IBC Code: Non-dangerous goods

## SECTION 15: Regulatory information

#### 15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

#### National regulations :

- Regulation (EC) 1907/2006 REACH (UK amended)
- Regulation (EC) 1272/2008 CLP (UK amended)
   Regulation (EC) 648/2004 Detergents regulation (UK amended)
- Delegated Regulation (EU) 2017/2100 and Regulation (EU) 2018/605 (UK amended)
- Agreement concerning the International Carriage of Dangerous Goods by Road (ADR)

• International Maritime Dangerous Goods (IMDG) Code

#### Authorisations or restrictions (Regulation (EC) No 1907/2006, Title VII respectively Title VIII): Not applicable.

#### Ingredients according to Detergents Regulation

cationic surfactants perfumes, DMDM Hydantoin, Potassium Sorbate, Alpha-Isomethyl Ionone, Eugenol, Citronellol, Hexyl Cinnamal, Limonene

The surfactant(s) contained in this preparation complies(comply) with the biodegradability criteria as laid down in Regulation (EC) 648/2004 on detergents (UK amended). Data to support this assertion are held at the disposal of the competent authorities of the UK and will be made available to them, at their direct request or at the request of a detergent manufacturer.

5 - 15 %

#### Comah - classification: Not classified

#### 15.2 Chemical safety assessment

A chemical safety assessment has not been carried out on the mixture

### SECTION 16: Other information

The information in this document is based on our best present knowledge. However, it does not constitute a guarantee for any specific product features and does not establish a legally binding contract

SDS code: MSDS3891

#### Reason for revision:

Overall design adjusted in accordance with Amendment 2020/878, Annex II of Regulation (EC) No 1907/2006, This data sheet contains changes from the previous version in section(s):, 1, 7, 8, 9, 10, 16

#### **Classification procedure**

The classification of the mixture is in general based on calculation methods using substance data, as required by Regulation (EC) No 1272/2008. If for certain classifications data on the mixture is available or for example bridging principles or weight of evidence can be used for classification, this will be indicated in the relevant sections of the Safety Data Sheet. See section 9 for physical chemical properties, section 11 for toxicological information and section 12 for ecological information.

#### Full text of the H and EUH phrases mentioned in section 3:

· H302 - Harmful if swallowed.

• H315 - Causes skin irritation.

• H319 - Causes serious eye irritation.

#### Abbreviations and acronyms:

· AISE - The international Association for Soaps, Detergents and Maintenance Products

- ATE Acute Toxicity Estimate
- DNEL Derived No Effect Limit
- EC50 effective concentration, 50%
- · ERC Environmental release categories
- EUH CLP Specific hazard statement
- · LC50 Lethal Concentration, 50% / Median Lethal Concentration
- LCS Life cycle stage
- LD50 Lethal Dose, 50% / Median Lethal dose · NOAEL - No observed adverse effect level
- NOEL No observed effect level
   OECD Organisation for Economic Cooperation and Development
- PBT Persistent, Bioaccumulative and Toxic
- PNEC Predicted No Effect Concentration
- PROC Process categories
- REACH number REACH registration number, without supplier specific part
- vPvB very Persistent and very Bioaccumulative
